Philosophy of Christian Education

Flint Hills Christian School at Green is an independent, non-profit, community supported school designed to meet the needs of the Christian community by providing a quality education from a Biblical perspective. We believe it is our responsibility to create an environment that is conducive to learning, as well as to promote Christian values that will extend beyond the classroom walls.

It is our goal to be an extension of the Christian home in an effort to see each child fully develop in mind, body, and spirit. In this context, we are not a replacement for the home or the church. Our ultimate goal is to equip and prepare well-educated, mature, Christian men and women to best fulfill God's calling in their lives. In addition to the promotion of academic excellence, our program includes daily classroom devotions, prayer, and Bible study, as well as weekly chapel services to encourage Christian maturity.
